Postponed exams belonging to winter-term 2019/2020

here: **New dates**

Dear students,

please find attached the table of new dates for those exams belonging to the winter-term 2019/2020 that were postponed due to the Corona-pandemic.

The column “block time” indicates the time the room is blocked for your exam. The exam itself will start one hour after the beginning of the block time and will end one hour before the end of the block time.

That means: If the block time is 8–12, the exam itself will take place from 9 to 11.

As the procedure to enter the room as well to leave it will take more time than usual due to the Corona-situation, please make sure that you will be available for the whole block-time.

Your lecturer will get in contact with you timely, indicating when and where you should be present and how the procedures will exactly look like on the day of the exam.

Please pay special attention to the regulations of registration for the exam that your lecturer will specify.

Please be aware that those regulations may differ for different exams due to technical reasons – thank you for your understanding.

In case you have any questions, please don't hesitate to get in touch with your lecturer or myself.

Kind regards,

David-S. Di Fuccia
